

## Community Clinic

Open Wednesday Evenings 6:00 pm to 9:00 pm

Located at the House of Sophrosyne Community Programs Location  
61 Giles Blvd. East

Our Community Clinic is a free, safe and 100% confidential service for Women with substance abuse issues (in/out of recovery) AND their children. A health card is not required to attend the Clinic.

Our Clinic is run by a qualified Primary Health Care Nurse Practitioner (BScN, RN (EC)) under the supervision of a medical Doctor.

Services include check ups and overall health monitoring, on-site pregnancy tests, Lab testing (e.g. STD testing), as well as free or low-cost availability of some medications.

A cost may be applied to Clients without health cards for out-sourced Lab tests.

In addition, we are also offering a Hepatitis C Program for eligible women, which would enable them to have free treatment (Pegasus® or Pegatron®) and support services. This specialized program is available on **Thursday mornings from 10:00-11:00 am** at the Giles Location.

For either the **Community Clinic** or the **Hepatitis C Program** please call to make an appointment
